of any arithmetic errors discovered by IRENA in the evaluation of the Proposals, in accordance with Clause 28 of the RFP.

Any unsolicited clarification submitted by a Proposer in respect to its Proposal, which is not a response to a request by IRENA, shall not be considered during the review and evaluation of the Proposals.

The evaluation method that applies for this RFP shall be as indicated in the **Data Sheet**,

- 28.3 Provided that the Proposal is substantially responsive, IRENA shall correct arithmetical errors on the following basis:
- 28.3.1 if there is a discrepancy between the unit price and the line item total that is obtained by multiplying the unit price by the quantity, the unit price shall prevail and the line item total shall be corrected, unless in the opinion of IRENA there is an obvious misplacement of the decimal point in the unit price, in which case the line item total as quoted shall govern and the unit price shall be corrected;
 - 28.3.2 if there is an error in a total corresponding to the addition or subtraction of subtotals, the subtotals shall prevail and the total shall be corrected; and
 - 28.3.3 if there is a discrepancy between words and figures, the amount in words shall prevail, unless the amount expressed in words is related to an arithmetic error, in which case the amount in figures shall prevail subject to the above.
- 28.4 If the Proposer does not accept the correction of errors made by IRENA, its Proposal shall be rejected.
